A WEEK IN THE LIFE OF HEATHER MILLS

The former Mrs. Paul McCartney lost credibility as an ardent supporter of PETA when old footage emerged last week showing Mills in a lavish mink coat. Meanwhile, reports surfaced that she had finally accepted a divorce settlement from the ex-Beatle worth roughly US\$56 million. On Monday, the gambling site www.bodog.com announced it would take bets on whether Mills' artificial leg will fall off during her performance on the ABC series *Dancing With The Stars*.
